

Patrick,

Thank you for your letter. We always like hearing from residents, especially when they have good things to say about our amenities! We're glad to hear that Scott serviced your sink well. We will let him know that you appreciated his work!

We're glad you're enjoying all we have to offer here. Should you require any additional services, feel free to request maintenance on the Resident portal, or fill out a maintenance request form before the next quarterly inspections. Keep in mind that residents must cover the cost of any non-routine maintenances.

Thanks, keep in touch!

Jessica
